As your business organization, how can we be of more value to you?

---

---

---

What topics/issues/matters would you like to have addressed to benefit your business?

---

---

A benefit of membership is the opportunity to speak and promote your business at our monthly meetings. Would you be interested in promoting your business? If so, when?

---

We currently meet on the fourth Tuesday of every month (except December and sometimes August) at 1 PM for a one-hour lunch meeting. Is there a more convenient date or time for you to attend?

---

◇◇ Please add a description of your business for inclusion on our (currently under-construction) website: (you may want to include days and hours of operation; # of years in business; contact info you want published; benefits to fellow members: such as discounts on particular services or products; special promotional opportunities/ incentives to the public; etc. Do you offer services not necessarily obvious to your business; such as Fed-Ex shipping through your store?)
